

March 2, 2026

Dear Neighbor,

We are writing to inform you that the Southampton to Deerfield Transmission Project will begin conduit and splice vault installations on **North Main Street** on or about **March 4, 2026**.

What You Can Expect:

- Location of Work:
 - **North Main Street**, between CR39A and North Sea Mecox Road
- Work Hours:
 - The Project is permitted to work Monday through Saturday, 7:00 a.m. to 7:00 p.m.
- Construction Activities:
 - Conduit installation is anticipated to take 10-14 days, depending on weather conditions.
 - Vault Installation is anticipated to take approximately 6 days, depending on weather conditions.
- Traffic Management:
 - North Main Street will be periodically **closed** to thru traffic between CR39A and North Sea Mecox Road, beginning on or about **March 4, 2026**, for vault installation activities, during work hours except for local traffic for residents and deliveries.
 - The Project will coordinate closely with first responders to allow access for emergency services vehicles when needed.
 - The Project team will coordinate with residents prior to any anticipated restricted access to driveways during construction activities.
 - Please reach out to the project at the contact information below if you have any concerns about access.
 - A map of the detour is on the back of this letter.
- Project In-Service: Anticipated December 2026.
